**Ka Makana Ali'i Welcomes Hawaii's First Kids City
to the Center's Family-Friendly Offerings**

The brand new concept features a premium indoor playground for keiki ages 13 and under with opportunities for room rentals and monthly memberships

KAPOLEI, HI (December 23, 2019) — Ka Makana Ali'i is excited to welcome Kids City to the Center for West Oahu. Kids City is a brand new, premium indoor playground designed for keiki from infant age to 13 years old. The new space located in the Macy's wing of the Center opened on Saturday, Dec. 21.

It includes an air castle, indoor playground, lounge, party room, magnetic wall, epic lego wall, toddler room, state-of-the-art augmented reality interactive drawing space and more.

Kids City is the brainchild of Minko Goeun Cabuyao. She noticed similar concepts while traveling in Asia and designed the area to be family-friendly and cost-effective, with pricing starting as low as \$20 per child for two hours. Each entry fee includes one adult entry. The premium playground also includes a monthly membership and room rentals.

"We cannot wait to introduce the West Oahu community to this new space that we've designed just for keiki," Minko said. "As a mother of a 2-year-old, I really put my heart into designing Kids City. It is the perfect space for birthday celebrations, mommy meet-ups and cost-effective family outings."

Concepting and construction was a family affair for Minko and her husband who helped with the buildout of the space. The design uses clean and contemporary colors and custom-designed play areas made specifically for Kids City. For the safety of all keiki, Kids City only uses chemical-free cleaning products and invested in an air purifier for keiki with any allergies.

Kids City has also incorporated a separated baby and toddler zone, along with a private nursing room. There are multiple innovative play sections for keiki to create, learn and interact. Kids City is home to brand-new slides, equipment and activities like nowhere else on the Island. It's equipped with central air conditioning and complimentary Wi-Fi. The space is designed in a way that parents can either play with their keiki or watch them from a centrally located sitting area.
